

# Same question. Two answers.

Day 4 of 5

# Day 4: Test it.

# Generic AI guesses. Yours knows.

~~Generic AI~~

**Your brain**

Your method. Your red flags. **Your next step.**

# Score every answer four ways.

**Specific**

uses your method

**Sounds like you**

your words

**Next step**

one clear action

**Safe**

knows its limits

# Pick real test questions.

Hey Brain, give me my test questions

- 1 Everyday ones
- 2 Tricky ones
- 3 One out of scope

# Ask both. Same question.

Hey Brain, answer as me:  
[client question]

- 1 First: any general AI chat
- 2 Then: your brain
- 3 Side by side

# Same question. Two answers.

Generic AI

My brain

Then: score both four ways

# Let your brain score it.

Hey Brain, compare these two answers

- 1 Paste both
- 2 Four tests
- 3 What only you'd say

# That gap is your product.

Nobody else's AI can say it.

# Fix what it got wrong.

Hey Brain, fix what you got wrong

- 1 Say it in plain words
- 2 Playbook update
- 3 Re-upload, ask again

# Fix three answers.

Wrong

Right

Added

**Then:** ask the same question again

# Post your side-by-side.

In Circle · client names removed

Add: "What only my AI said: ..."

# 1 **Test ten real questions**

everyday and tricky

# 2 **Fix every miss**

in your playbook

# 3 **Show one trusted client**

“Would you use this?”
